ance Notes on Codes and Abbreviations" appearing at the begin-
ning of each regular issue of the PCT Gazette.

(54) Title: A NUMERIC/CONTROL MACHINE

(57) Abstract: Described herein is a
nNumeric-control machine (1) comprising: a
flatbed (2) provided with a horizontal working
surface (3), on which a workpiece (4) is to be
positioned; a machining head (5) which is able
to move in space above the working surface
(3), and a supporting structure (6), which is
designed to support and displace the machining
head (5) in space above the working surface
(3), the supporting structure (6) consisting of:
a floating platform (7) mounted so that it can
move above the working surface (3), a series
of articulated supporting arms (8) designed
to support the floating platform (7) above the
working surface (3) on opposite sides of the
platform itself, and members for moving (13,
14) capable of displacing upon command and
independently the articulated arms (8), each
articulated arm (8) being designed to connect

the flatbed (2) of the machine with the overlying floating platform (7).
